## **Frequently Asked Questions: Madison Pharmacy Good Neighbor Prescription Savings Plan**

### **What is the Good Neighbor Prescription Savings Plan?**

**The Good Neighbor Prescription Savings Plan** is an affordable discount drug program. It was developed by retail pharmacists to help individuals, families, and employers from overpaying unnecessarily for prescription medications. You can save on over 5,000 name brand and generic medications. There are no prior-authorizations required and people of all ages can reap benefits from these savings all year long.

### **Why is this available?**

Many of today's high cost medications (brand name drugs and recently approved generics) are little more than slight modifications of an original product. In many cases the difference is merely an extended relief product for convenience. For example, if a patient is willing to give up a little convenience and take a medication two or three times a day instead of once a day, they can receive equal therapeutic benefit at a fraction of the cost without any loss of quality.

### **Who can benefit?**

**This Good Neighbor Prescription Savings Plan** is beneficial to everyone, especially individuals without Rx insurance, those individuals whose insurance plans have limited Drug Formulary's, individuals with high prescription co-pays, and even those individuals on mandatory mail order. Ask our Customer Care Representative for details on how **The Good Neighbor Prescription Savings Plan** can provide significant savings on medications for you and your families.

### **What medications are included?**

Hundreds of the most commonly used generic drugs are included on the Formulary and are available at the set low price of \$5.95 per prescription for a 30-day supply and \$12.95 for a 90-day supply per prescription. Medications not on the Formulary are available at a discounted price.

### **Is my drug included?**

Call the pharmacy or visit **the Good Neighbor Prescription Savings Plan** on our website at [www.madisonpharmacy.com](http://www.madisonpharmacy.com) for a complete formulary which will be updated periodically as new medications become available.

## **What types of Medications are listed on the Good Neighbor Prescription Savings Plan Formulary?**

Allergy	Anti-Fungal
Anti-Viral	Arthritis & Pain
Blood Pressure/Heart Health	Cholesterol
Cold/Cough	Eye Care
Gastrointestinal Health	Insulin & Diabetic Supplies
Mental Health Depression	Skin Conditions
Thyroid Conditions	Women's Health

### **My drug is not on the list. What should I do now?**

Please call us. Between your Doctor and our pharmacy team, we may be able to find you a suitable generic alternative that is on our extensive drug formulary.

### **Is there a membership fee to join the club?**

Membership in the program is \$11.95 per year. Madison Pharmacy will waive the membership fee for the first year for all individuals who sign up for the plan.

### **Why is The Good Neighbor Prescription Plan Different from all others?**

There are lesser quality prescription card programs on the market that may seem similar. Some may charge a monthly fee and others that don't offer as much of a savings. Those cards don't benefit the consumer as much as they do the company who issues the card.

**Our Pharmacy always puts the customer first.....** Madison Pharmacy will always consult with your physician and search our formulary for the most advantageous and cost-effective medication protocol for your appropriate disease state. Our Pharmacy will offer free complimentary membership in the **Good Neighbor Prescriptions Savings Plan** to all new applicants for the first year of service and will deliver your medications to your door.

### **How do I sign up?**

Complete the attached enrollment form.

Return it to The Madison Pharmacy for your complimentary free 1 year membership.

Receive your temporary membership card. Your personalized Good Neighbor Prescription Savings card will be mailed to your home within a couple of weeks.

Pick-up a Good Neighbor Formulary in the store or visit our website;

[www.madisonpharmacy.com](http://www.madisonpharmacy.com) link on mygnp.com and download a copy of the savings club formularies to share with your Physician/Prescriber.

Have your Physician call us with any plan questions.

Fill your prescriptions like you always do and start saving more money today.

### **How do I receive the maximum benefit from my plan?**

**Please allow** Madison Pharmacy to look at your Rx regimen and consult with your Physician in order to prescribe the most beneficial medications where you will receive the greatest benefits.

**Remember** to always have your Formulary with you when visiting your Doctor.

**Remember** to have your Doctor write your prescription for 30 or 90 days.

**Remember** that generic drugs are the only way to make this particular plan work for you.

*Please note; This Program is not an Insurance Benefit. Persons receiving Prescription Benefits from a Publically Funded Healthcare Program (Medicare, Medicaid, or TRICARE), are ineligible.*
